

Jimmy Pike Flower Painting

Artwork © Jimmy Pike Estate. Student work samples used with permission.

Jimmy Pike painted artworks about places.
Many of his artworks were about his
Country.
He drew and painted with bright, vivid

Places that were special to him were sometimes drawn and painted with lines or patterns circling around.

He used colours that were bright and when placed next to each other added to the energy of the artwork.

Notice Jimmy Pike's use of line and colour in his artwork.
Think about how you will paint your wildflower's leaves
and stems using line, pattern and colour.
